Phil:

I'm OK with Dan participating in this informal meeting. However, it needs to be clear that this activity is not part of the scope of work for any contractual agreements currently in place, and this effort is not currently part of the Bristol Bay Assessment.

Since Rebecca is on travel this week, please feel free to call Dan.

It might be useful to make attendance to this discussion available to Dan Rinnella. Not as a contractor (not paid) but because he might be interested and have useful insights.

Subject: Materials for Climate Change and Fisheries Meeting-August 10, 2012

Dear Glenn, Jeff, Jim, Kate, and Phil (if you are available),  
Thank you for agreeing to participate in the climate change and fisheries meeting that I am organizing with Joe Ebersole for Friday August 10, 2012 in Anchorage from 9am to 12pm. Please find attached a brief agenda for the meeting and the conceptual diagram that will be at the heart of our discussions on the 10th. If you have time to review the conceptual diagram before the meeting, I would greatly appreciate it.  
If you have any questions, please feel free to contact me. I will be out of the office from July 31 to August 5, but will check my email sporadically.  
I look forward to talking about climate change and sockeye salmon with you on Friday August 10, 2012.  
Thank you,  
Rebecca
